Liberty Under Law—Equal Rights—True Industrial Freedom

HUGE FRANCO-AMERICAN BLOW DEALT THE HUN. ROUTED AUSTRIANS LEAVE ALLIES MILLIONS IN BOOTY.

Turks' Submission is Absolute.

NO SECRET DEAL MADE

Armistice is Signed for All Allies.

Lord Robert Cecil Says Agreement is Free from Any Reservation.

en-Germans at Berlin Losing Ground; Bolshevism in Austria.

(BY ATLANTIC CABLE AND A. P.) LONDON, Nov. 1.—The armistice accepted by Turkey amounts to "complete and unconditional surrender."

This statement was made by Lord Robert Cecil, assistant Secretary of State for Foreign Affairs, to the Associated Press tonight.

Lord Robert emphasized the statement of the Foreign Office to the Associated Press by saying that no secret understandings or engagements have been made with Turkey as far as the British government's concerned.

He added that the armistice had been signed by Great Britain on behalf of all the Allies.

With reference to rumors circulating here to the effect that the armistice with Turkey includes some by which Turkey would remain sovereign over Armenia and her provinces, the Foreign Office denies the statement that there was no truth in the suggestion that a secret political agreement was being made with Turkey.

Discussing conditions in Germany, Lord Robert said the indications of the day or two were that the en-Germans were winning their bid. He declared that no Bolsheviks had been reported in Germany, that it was spreading in parts of the country.

Sixth—Allied occupation of the Taurus Tunnel system.

Tenth—Immediate withdrawal of Turkish troops from Northern Persia to behind the pre-war frontier has already been ordered and will be carried out.

Eleventh—A part of Transcaucasia already has been ordered to be evacuated by Turkish troops. The remainder to be evacuated if required by the Allies after they have studied the situation.

Twelfth—Wireless, telegraph and cable stations to be controlled by the Allies. Turkish government messages to be excreted.

Thirteenth—Prohibition against the destruction of any

LIQUOR AND LUXURY
GET SENATE RELIEF.

FINANCE COMMITTEE MAKES
ALTERATIONS IN WAR
REVENUE BILL

BY A. P. NIGHT WIRE

WASHINGTON, Nov. 1.—The Senate Finance Committee decided today to continue work on the war revenue bill tomorrow and adjourn until November 8, and report the re-drafted measure to the Senate about November 12.

The committee today adopted an amendment providing that luxuries and semiluxuries exported to other countries shall not be subject to the same rates of excise tax as to 20 per cent. This exemption was especially requested by automobile manufacturers.

Merchandise listed in the excise tax bill for which manufacturers contracts were entered into before September 3, the date of the introduction of the House bill will not be subject to the same rates. The Committee on Finance, however, has decided to tax provisions under another amendment adopted.

Manufacturers requested this exemption because many of their contracts, including those with Germany, were made without contemplation of the new excise tax.

Provision also was made by the committee for relief of holders of bonds and stocks of companies that have removed from bonded warehouses the stocks they own before the proposed wartime prohibition law goes into effect next July. The committee decided to relieve dispossessed shareholders remaining in warehouses on that date from the payment of the usual bond required and let them remain in the warehouses upon payment of the nominal fee.

Greatly Benefited by Chamberlain's Tablets.

"I am grateful for the good I have received by using Chamberlain's Tablets, which two years ago when I began taking them I was suffering a great deal from distress after eating, and from headache and tired, languid feelings due to indigestion and a torpid liver. Chamberlain's Tablets corrected these disorders in a short time, and since taking two bottles of them my health has been good," writes Mrs. M. P. Harwood, Auburn, N. Y.

SEVERE TERMS
PUT ON TURKS.

(Continued from First Page.)

naval, military or commercial material.

Fourteenth—Facilities are to be given for the purchase of coal, oil and naval material from Turkish sources, after the armistice, if the majority have been met. None of the above materials are to be exported.

Fifteenth—The surrender of all Turkish officers in Tripoli, and the nearest Italian garrison. Turkey agrees to stop supplies and communication with these officers if they do not obey the order to surrender.

Sixteenth—The surrender of all garrisons in Heddah, Asir, Yemen, Syria and Mesopotamia to the nearest Allied commandant. The Allies will withdraw troops from Cilicia, except those necessary to maintain order as will be determined under clause six.

Seventeenth—The use of all Turkish ports, classified as all Turkish ports and arsenals.

Eighteenth—The surrender of all ports occupied in Tripolitania and Cyrenaica including Misurata to the nearest Allied garrison.

Nineteenth—All Germans and Austrians, naval, military or civilian, to be evacuated within one month from Turkish dominions and those in remote districts as soon after that time as time will permit.

Twenty-first—Compliance with such orders as may be conveyed for the disposal of equipment, arms and ammunition, including the transport of that portion of the Turkish army which is demobilized under clause 5.

Twenty-second—The surrender of all garrisons in the camp of the French in the Argonne.

Twenty-third—An obligation on the part of Turkey to cease all hostilities with the Central Powers.

Twenty-fourth—In case of disorder in the six Armenian villages the Allies reserve to themselves the right to occupy any part of them.

Twenty-fifth—Hostilities between the Allies and Turkey shall cease from noon local time, Thursday, the 31st of October, 1918.

TERRAIN IS NEEDED.

North of Grandpre the enemy's tank force is held in check by an impenetrable labyrinth of wooded hills and ravines, the Bois de Bas and the Foret de Boult, which is in the interest of both the French and American armies to turn north. Gouraud's front of attack is directed straight north. It is clear that as Gouraud's army advances northeast across the Argonne in the direction of Le Chesne, while the Americans press northwestward, that the massif of the Boulle Forest and the Bois de Bas will be turned by the French from the north and by the Americans from the east and west, so that it must be evacuated by the enemy.

The future operations towards Mezieres and the German main lines of communication with Germany seem to depend largely on an assault on the Argonne. When the enemy has been evicted from the woods and ravines of the great forest and the French and American armies have joined hands beyond the town, the way to the north will be clear.

France's Fleet Health Head.

WASHINGTON, Nov. 1.—Lieutenant Commander John C. Parker, who organized the health and sanitation division of the Emergency Fleet Corporation, will retire as head of the division, November 15, to take charge of a pension fund in India.

Upon his retirement the work of the division will be taken over by the United States Public Health Service.

Merchandise listed in the excise tax bill for which manufacturers contracts were entered into before September 3, the date of the introduction of the House bill will not be subject to the same rates. The Committee on Finance, however, has decided to tax provisions under another amendment adopted.

Manufacturers requested this exemption because many of their contracts, including those with Germany, were made without contemplation of the new excise tax.

Provision also was made by the committee for relief of holders of bonds and stocks of companies that have removed from bonded warehouses the stocks they own before the proposed wartime prohibition law goes into effect next July. The committee decided to relieve dispossessed shareholders remaining in warehouses on that date from the payment of the usual bond required and let them remain in the warehouses upon payment of the nominal fee.

WILSON CLOSE
TO VERSAILLES.

President in Almost Constant Touch with Col. House.

No Inkling of Proceedings in War Council Given.

Information Shows Total Collapse Dual Empire.

[By ATLANTIC CABLE AND A. P.]

LONDON, Nov. 1.—The Versailles council finally agreed late today on the armistice terms governing the maritime powers of the central empire. The proposals contain 12 points which are believed to throw every safeguard around the German fleet.

WASHINGTON, Nov. 1.—President Wilson today continued to exchange communications with Col. E. M. House. Late in the day the President went to the State, War and Navy Building for a conference with Secretary Baker.

Thus far no inkling has been given regarding proceedings of the Supreme War Council, which convened today, to arrange an armistice for Germany and Austria or of exchanges at Paris between representatives of the Entente nations and Col. House before the peace sessions began. Col. House has been keeping the President in close touch with events.

There was confirmation in Washington today of reports from Europe that Gen. Diaz, Italian commander-in-chief, had received from the Submarine Base team from San Pedro, and the other naval forces may quite possibly be authorized to offer the Austrian commander in the field. But in many quarters the report is not considered strong enough to warrant the idea.

There was confirmation in Washington today of reports from Europe that Gen. Diaz, Italian commander-in-chief, had received from the Submarine Base team from San Pedro, and the other naval forces may quite possibly be authorized to offer the Austrian commander in the field. But in many quarters the report is not considered strong enough to warrant the idea.

Such official information as the Supreme War Council had today from which had been the least of the empire indicated very little remained of that structure owing to separation of Hungarians, Bosnians and Serbs and Jugoslavs from the

present state.

TWO YEARS FOR DEMOBILIZATION

Take Year to Clear Barbed Wire, Says DuPont.

Quick Return of Soldiers to Civil Life Impossible.

Gov. Stephens Urges Plan of Rehabilitation.

(BY A. F. NIGHT WIRE.)

NEW YORK, Nov. 1.—Demobilization of the American forces in France will require a period of two years after peace is declared, according to a statement made here tonight by Gen. T. Coleman DuPont, just from a two months' visit to the western front.

Declaring his views were the reflection of official opinion among Allied forces, he asked Americans to accustom themselves to long demobilization as they had to long war.

"One of our generals asked me," he said, "to tell the people at home that our boys have a year's work ahead of them in removing the barbed wire the Huns have strung across France."

Asserting that the Civil War had turned thousands of men back into civil life weakened and purposeless," Gen. DuPont said that the seven war agencies should be supported especially in their approaching campaign. He declared that "statesman-like plans are being laid" for the trying period following peace.

URGES REHABILITATION PLAN.

DETROIT, Nov. 1.—A request that the State Council of Defense evolve a "comprehensive after-war programme for submission to the Legislature" was made yesterday by Gov. Stephens in a letter to Charles C. Moore, director of the council, making provision for the returning soldiers and reconstruction which will follow the restoration of peace, questions affecting the rehabilitation of those maimed and crippled on the battlefield, and plans for turning over the documents as speedily as possible those who will return physically sound were subjects suggested for consideration.

Gov. Stephens urged the development of new construction projects for immediate employment of our soldiers after demobilization. Utilization of "California's natural resources to stimulate manufacturing and the extension of California's plan of land settlement" were recommended.

In other matters affecting those engaged in war work, as well as those growing out of demobilization, should be studied, Gov. Stephens said. An agricultural organization of foreign markets, organization of agricultural, horticultural and other industries, were urged. He also suggested consideration of minimum wages which will insure the maintenance of the American standard of living, and of plans "for readjusting and stabilizing food prices, and for reducing as far as possible the high cost of living."

"If we would avoid the industrial dislocation that naturally would follow the sudden release of so many workers from war service, we must pay immediate attention to certain constructive policies that the new conditions will require," the Gov-

ernor said.

MAIL MEN RETAIN SENIORITY.

WASHINGTON, Nov. 1.—Railroads were instructed today by Director-General McAdoo to restore employees now in military or naval service to their former seniority rights when they return, so far as practicable, and to make efforts to find suitable work for other returning soldiers or sailors who are senior to those before they left. These instructions will not apply to roads which have already established more specific principles.

SEAS YIELDS 179 DEAD FROM SOPHIA'S WRECK

(BY A. F. NIGHT WIRE.)

WASHINGTON, Nov. 1.—Railroads were instructed today by Director-General McAdoo to restore employees now in military or naval service to their former seniority rights when they return, so far as practicable, and to make efforts to find suitable work for other returning soldiers or sailors who are senior to those before they left. These instructions will not apply to roads which have already established more specific principles.

PRIVATE CHRIST KIRK, JR.

Crescent Brick Special Saturday and Sunday

VOL XXXVII.

EMBEZZLEMENT CHARGED.

Corporation Secretary is Arrested for Checks Raised to Net Thousands.

Charles H. Smith, for the past four years secretary to C. Wesley Roberts and of the corporations of which Mr. Roberts is president, is arrested, charged with embezzlements totaling over \$16,000. Smith was arrested at his home, No. 375 North Wilton place, on Thursday evening, while a Halloween party was being held there. He was locked up, arraigned yesterday, and in default of \$500 bail, was sent back to the County jail.

According to the authorities, Smith confessed to Mr. Roberts after the latter had discovered that checks for \$16,000 had been raised to \$15,175. Andtors were put to work on them now, most of the checks cashed were turned to the company by the Citizens' Securities Company. In addition to raising checks and keeping them from returning home. These rentals he handled often amounted to \$3000 a month. Mr. Smith had my friendship and confidence, he said, and I know what he did not know nor do I know what he did with the money. The amount he embezzled will be about \$16,000. He was bound for a small amount. I am certainly sorry for his wife and children."

'FLU STILL DECREASING.'

The decline in the number of new cases and of deaths from influenza in Los Angeles continued yesterday. There were reported 298 new influenza cases and 26 deaths of persons with pneumonia, total of 855, as compared with Thursday's total of 889, a reduction of thirty-four cases. Wednesday's total was 848, with 26 deaths.

A special meeting of the advisory health board was held yesterday to hear Dr. Powers, health commissioner, and writers who arrived in the city with 2000 doses of anti-influenza serum sent here by the health authorities of Boston to assist in the fight against the disease. Dr. Hutchinson also brought a similar supply for San Francisco. The serum was discovered by Dr. Timothy Loring, well-known bacteriologist of Boston, and a physician and writer, who arrived in the city with 2000 doses of anti-influenza serum sent here by the health authorities of Boston to assist in the fight against the disease.

ISSUE CALL TO PRAYER.

Church Federation Sets Aside Day to Petition Almighty to Prevent Spread of Influenza.

A call to prayer for divine aid to prevent the spread of influenza was issued yesterday by the Church Federation. It follows, in part:

The word of God says, "Ask and ye shall receive." Therefore we shall ask the Father in My Name "Will give it you," and John, after hearing these promises for probably fifty years ago, says, "Behold ye the confidence we have in Him that if we ask anything according to His will, He heareth us. And if we know how to pray, whatsoever we ask, we know that we have the petitions that we desire of Him."

Therefore, according to the promises of God's word and in co-operation with Christians throughout the land, we hereby call to pray for the citizens of Los Angeles for Wednesday, November 6, 1918, to pray—especially that God may bless and reward all those who have been constantly exposed to the perils of influenza.

Since there can be no public gathering for such until after the first of December, we call upon all to worship in the morning, time to His great blessing; that at 12 o'clock noon, all business, except for prayer, and then on the evening he made an at-home evening with God, and spend it in prayer and devotions.

The board also urged the use of masks by all election officials at the election next Tuesday and renewed its recommendation for the general use of the mask.

The Economy Hog and Cattle Show Company has offered to charge and admit gratis to the city free of charge, returning citizens to distract the streets of the downtown dis-

WILL TEST 'FLU CLOSING ORDER.'

Christian Science Churches to Reopen Tomorrow.

Arrests will Follow, Says the Health Commissioner.

Court will then Pass Upon Habeas Corpus Pleas.

Declaring that the flu order closing the churches is a violation of constitutional rights, as well as a mistake from a religious and health standpoint, Christian Science leaders in this city served notice upon the city authorities yesterday of their intention to reopen their houses of worship tomorrow morning.

Health Commissioner Powers said that if it were his desire to close the police power will be invoked and technical arrests made. The Scientists replied to this that their leaders in congregations are arrested, then appeal for writs of habeas corpus and fight it out in the courts. Both sides are friendly, but firm. If the Scientists win, the city's churches may open at will.

The boards of directors of three Science churches met yesterday and definitely decided to reopen their doors and resume their morning and evening services, and further meetings of the churchmen and sprinklers used in the administration.

On account of the influenza scare, the session of the local Federal court of naturalization, which was originally set for the 27th inst., has been postponed to the 22nd inst., and the session of the court date will be held on December 6.

United States District Judge Trippet yesterday admitted to American citizenship, Charles Stewart Eastman, 30, of New York, a sailor and a sailor in the service of the United States, with Ensigns Ray and Miller of the harbor, as witness.

Mr. Powers said that the advisory health board was to meet again to consider the influenza situation.

THE NOTICE.

"In opening the churches to the edict of the Health Commissioner of Los Angeles, who is acting under his interpretation of the law, we desire to inform our fellow townsmen, people, our neighbors and friends that the order is not constitutional and that the religious services may be held.

A committee composed of Mrs. L. Craig, P. H. Hitchcock and D. L. Edmunds has been named to further address the medical Advisory Board, telling of the course the disease took in Boston, where it was severe. Speaking of the week, says Dr. Powers, he said last night all those who have been ill in Boston, Dr. Hutchinson also brought a similar supply for San Francisco. The serum was discovered by Dr. Timothy Loring, well-known bacteriologist of Boston, and a physician and writer, who arrived in the city with 2000 doses of anti-influenza serum sent here by the health authorities of Boston to assist in the fight against the disease.

THE NOTICE.

"In opening the churches to the edict of the Health Commissioner of Los Angeles, who is acting under his interpretation of the law, we desire to inform our fellow townsmen, people, our neighbors and friends that the order is not constitutional and that the religious services may be held.

Evidence in Extraordinary Case.

Railway's Defense in Weiler Damage Suit.

These are enlargements of two exposures of a motion-picture film series taken before Judge Morris and a jury yesterday in the action of Mrs. Rose Weller against the Los Angeles Railway for \$10,000 damages for injuries alleged to have been sustained in a car collision. The railway detectives secured these pictures to prove that she was not seriously hurt. In the top picture Mrs. Weller appears being dragged along the beach by Josephine Higginson and Michael Cole. Below, Mrs. Weller is dancing in the surf with Mr. Higgins. The pictures were taken by H. K. Fairall.

KILLS WIFE, SHOOTS SELF.

Thomas Hall, of No. 509 North Wilson avenue, Alhambra, shot and killed his wife, Ida, at their bungalow home in the fashionable residential section there, and then shot and fatally wounded himself, at 6 o'clock last evening.

According to the only eye witness of the tragedy, 14-year-old John Hall, the son, Hall had been drinking heavily, was in a heated argument with his wife, and pulled a revolver and shot his wife, the bullet entering her head just above the right eye, death occurring at once. The boy screamed, "My father is dead," and then turned the gun on himself. The bullet entered the skull and came out at the back of the head.

Among the neighbors who rushed to the scene was J. H. Wirth, owner of Desimco Court. He found Hall and his wife lying in a pool of blood. Wirth called up the police and Marshal Benjamin Parker and Officer Scott arrived on the scene. Hall was hurried in an ambulance to the Alhambra Hospital, where it was stated that an artery had been severed by the bullet and he has no chance of recovery.

The body of Mrs. Hall was removed to the undertaker's parlor at Utley's Alley.

John Hall had been in California a year and half, his husband coming from Oklahoma to join her about a month ago. She was 32 years of age. Her son was born in Tulsa, Okla. She survived him, her husband and mother, Mr. and Mrs. F. A. De Novo of Tulsa, Okla., and their son, who is the only child.

SOLDIERS SHOOT EX-FELON.

George F. Pettersen, burglar and ex-convict, was shot and fatally wounded last night in front of Central Police Station, when he attempted to escape from Privates Thomas J. Wessells and William Blackwell of the Arcadia Balloon School. The former soldier fired the shot.

The two military police officers arrested Pettersen for shooting six automobiles and from one of them stealing a sack of oranges. He was seen to take the fruit by F. H. Hambacher of No. 115 West Sixth street and F. L. Roberts of No. 215 Wall street.

(Continued on Third Page.)

ONE COMING, 'TO OTHER GOING'

Stephens and Bell Both to be in City Today; Not Likely to Meet.

The two candidates for Governor will be in town today, but it is not likely they will get any closer together than the distance between Stephens' headquarters, Fourth and Broadway, and Bell's headquarters, Seventh and Broadway.

Gov. Stephens is scheduled to arrive late today from Sacramento, and will remain until after the election. Mr. Bell will probably depart for San Francisco tonight, having visited all the large centers of population in the south since last Wednesday.

Yesterday in Sacramento, Gov. Stephens released a letter which he wrote to Charles C. Moore, director of the State Council of Defense, pointing out a few of the vital problems of reorganization of the state government and of our state after demobilization will be essential. Other problems, he said,

utilization of the State's limited hydroelectric energy, extension of California's public lands, settlement and colonization; labor questions affecting both the returned soldiers and the men and women now at work; industrial readjustment; reorganization and reeducation of returned soldiers; development of scientific research and technical education as an aid to industry; and

foreign markets so as to be prepared for the cheap water transportation that will come when the present government-owned ships are no longer used for war purposes.

The records will show that man in Congress has supported President Wilson's more consistently than himself.

No more effective advocate of the Wilsonian ideal than Theta Sorority. She left the university a year and a half ago as the result of an attack of scarlet fever.

She returned to the university in scholastic things, hoping to be admitted to the class at Berkeley, which lacked but six months.

Mrs. Kirkpatrick was the daughter of Dr. John L. Kirkpatrick, Mrs. James E. Hall, and Lieut. Rose C. Kirkpatrick, now at Garden City, Long Island, awaiting orders for overseas work as a pilot-aviator.

PEN POINTS
BY THE STAFF.

Speaking of the esteemed "King in time saves," nine.

To the Central Powers, greeting. Eventually, why not now?

Even the middle-aged men of this town are "yarnin' to go."

What is to become of all the old lieutenants in the army?

The Kaiser certainly needs old-fashioned "King's excuse."

It is "sun-kissed" Southern California, at this writing, all right.

There is this to be said about Central Powers—they are becoming more central.

What has become of the popular amusement of planting potatoes your front yard?

Austria has put her foot near the door jamb lest it be closed since she can get in.

Candidate Bell is in the city, came south probably because needed the exercise.

How are you getting on with plum butter and jelly with the scarcity of sugar?

As we understand it, the new one will provide for no tax the war gardens of the people.

Up to the hour of bipartition page to press the exact financial Prince Max has not been disclosed.

Move over, you Central Powers, will give Turkey a place to down at the international mount bench.

The new war revenue bill will go to the Senate after the election members of Congress are ready to be seen in this regard.

Some folks think it a matter of pride to have more cases of venereal disease in their neighborhood than some other sections of the city.

It has not yet been definitely decided just where the Kaiser will be in Paris, that is an immovable fact.

With the possible Thanksgiving turkey soaring to 50 cents a pound, except a worker at the shindays, will be able to afford national bird.

We understand that work on contemplated Berlin to Baszard way has been stopped indefinitely. The Germans are experiencing difficulty in getting the right of

You had probably noticed that E. M. House is representing President Wilson at the Paris peace talks. He is from Texas and he was voted a straight Democrat.

It is but a short time before notes received at Washington days. Hope there won't be an mix-up in the note programme was in evidence in the last correspondence.

Just when oranges have reached the pinnacle of high prices theers of Southern California find have but few to send to the in the East. Old Supply and demand are again on the job.

The Republican National Convention has issued reports of turnout of about a half million in the contest that will close Tuesday. Not much money to secure a Republican Con. It is worth more than that country.

Adjourning politics in this is a good deal like the teller who gives up a cigar by taking out one good enough to make it taste quite. There will be politics if the free as long as we are a free people. We are good parties, and as soon as one party through its recognized claims that it is the whole there is sure to be an argument.

TO HER SOLDIER LOVER
Ah, not in sadness shall we part. For when you clasp me to your heart.

Then shall I smiling kiss dear.

And steadfast hold but thou cheer.

As you leave home!

And I shall pray each day That you may be most stately—

That you may always have strength and heart.

To do your highest, noblest.

While you're away.

I shall not spend that time less grieving, dear.

It were a sin to waste God's in selfish way so dreamy.

But I shall make of it a time for worthy tasks and selfless aims sublime.

While you're away.

And always shall I hold the buoyant thought of our safe returning.

And firmly shut out every and banish every rending.

And yet, and yet each lonely time shall I pray (how pray).

That God in mercy keep you in merrily spend the day.

When you come home.

And always shall I hold the buoyant thought of our safe returning.

And firmly shut out every and banish every rending.

And yet, and yet each lonely time shall I pray (how pray).

That God in mercy keep you in merrily spend the day.

When you come home.

PEARL LA FORCE

Business Page: Stocks—Bonds—Grain—Mines—Financial Markets.

CERTAIN SIGNS OF DAWN. NEW YORK STOCK MARKET.

BY CHAPIN HALE.

There is a temporary lull in financial and business activity in Los Angeles just at present. It is a period of readjustment following the rearrangement of credits to cover the many angles developed by the Liberty Loan campaign, and this coupled with a nation-wide quarantine to combat the "flu" germs, and a perfectly legitimate tendency to hold up pending plans for development under the unnatural situation that exists. The result is that something definite must develop soon in the war, is all having its effect, and a result there is considerable lethargy in financial circles, and a heavy hand by the government on almost a moment's warning is a renewed and humbling activity. The trouble is not basic, and just as soon as the atmosphere is cleared, and business permitted to go on as in Los Angeles will be off on a tack that promises a very active winter.

Electors also have a slowing down effect, and many customers are turning to their financial issues in Southern California after the local and national issues have been decided at the ballot box next Tuesday. Stocks are fairly active, and are likely to bring in a large amount of money which has been kept in savings accounts or otherwise in leashes. On the whole, the underworld is healthy and strong and optimistic generalists are out of the way things will turn hereabout.

The government plan to stimulate early Christmas shopping has also been adopted, and there has been liberal buying especially in goods suitable for over-seas shipment, and there is still time until the end of December when only satisfaction which comes from having contributed to the country's support in these great days, but also by a very handsome market appreciation in their Liberty Loan securities.

STATE INDUSTRIES ACTIVE.

Entire Twelfth Reserve District Prosperous; Crops Far Above Normal.

Business in California and throughout the Federal Reserve District generally to meet government demands in the industrial centers continues to be extremely active. War industries are continually enlarging their plants, but are limited by a shortage of labor and inability to secure necessary materials. In the agricultural districts slow liquidation of grain stocks is causing inconvenience to farmers and bankers. Seeding of grain crops has begun in Idaho, Washington and Oregon. Wholesale and retail trade is reported good in most parts of the district, with small stocks on hand. Collections are rapid.

Interest rates continue firm at 6 per cent, and 5½ and 7 per cent in agricultural centers.

Bank clearings for nineteen principal cities of the district in September amounted to \$1,055,750,000, an increase of 22 per cent over the corresponding month of 1917.

Building permits for the same eighteen cities were \$1,558,000, an increase of 22 per cent over September, 1917.

Portland and Tacoma showed the only increases, with 217, 188, 159 and 141 per cent, respectively, due to partial extension for war work and the erection of houses for workers.

During August, according to R. G. Davis & Co., there were only eighty-eight commercial buildings in the district, with liabilities of \$769,780, compared with 145 failures with liabilities of \$1,641,167, for August, 1917. A total of 4,465 barrels of crude petroleum were produced in the Alaska-Treadwell mine last year.

The shipping Board recently announced that from August 3, 1917, to September 15, 1918, the ships of the Pacific Coast had delivered to it 127 vessels, with a cargo capacity of 1,911,160 dead-weight tons, out of a total of 356 vessels, and a tonnage capacity of 2,045,875 tons delivered to it by ships of the United States. Of these vessels are now being harvested in California. The total crop of the country's total production was 5,600,000 bushels. The acreage fixed for the growers is \$4.15 per acre, and the number of failures is 156, with 2,465 barrels of crude petroleum produced in the Alaska-Treadwell mine last year.

The shipping Board recently announced that from August 3, 1917, to September 15, 1918, the ships of the Pacific Coast had delivered to it 127 vessels, with a cargo capacity of 1,911,160 dead-weight tons, out of a total of 356 vessels, and a tonnage capacity of 2,045,875 tons delivered to it by ships of the United States. Of these vessels launched, but not delivered, were 20 in 1917 and 15½ in 1918.

The almond crop is estimated at 47,000 tons, the largest ever produced. In 1917, the production was 35,000.

Although the estimated production of apples for the whole country is nearly 10 per cent greater than last year, the crop in this district, in Idaho, is 20 per cent.

Quality, however, is better than 15 to 25 per cent than last year. The following figures show the estimated crop on October 1, 1918, and total production last year in boxes:

1918. 1917.
Washington .12,029,000 13,826,000
California .3,350,000 3,520,000
Utah .1,820,000 2,125,000
Oregon .1,520,000 1,525,000
Idaho .350,000 2,18,000

Carload shipments of fresh fruits, including cherries, apricots, peaches, plums, pears and grapes, from California, are up 20 per cent over last year. Following are the figures on October 5, 1918, and on the corresponding date of the past five years:

1918. 1917. 1916. 1915. 1914.
Washington .12,029,000 13,826,000
California .3,350,000 3,520,000
Utah .1,820,000 2,125,000
Oregon .1,520,000 1,525,000
Idaho .350,000 2,18,000

The damage to the California crop by untimely rains during September was more severe than indicated by the figures on October 5, 1918, and total production last year in boxes:

1918. 1917.
Washington .12,029,000 13,826,000
California .3,350,000 3,520,000
Utah .1,820,000 2,125,000
Oregon .1,520,000 1,525,000
Idaho .350,000 2,18,000

The damage to the California crop by untimely rains during September was more severe than indicated by the figures on October 5, 1918, and total production last year in boxes:
